Why I want to be in eco skola

- I want to be in eco skola because:
- I love plants
- I love tacking care of nature
- I wanted to be in eco skola since grade 3
- And I am curious what we will do

My ideas for eco skola

- We let each grade do a sunflower
- Each month we do a little plant
- We do a plant at home and take care of it and we will give you a book so each month you take a picture and then you will start noicing that the plants grow very slow but very time you take a picture you will see the different.
