EKO-SKOLA

By Kaia Schembri Wismayer

Why I want to be in Eko – Skola?

I would love to be in Ekoskola because

- I want to share my love for our school and planet earth.
- I want to keep our school clean and make it greener.
- I believe together, every small action will make a big difference.

Why should friends vote for me?

My friends should vote for me because

- I care a lot about our school and would love to share my ideas.
- I believe I am responsible, helpful and ready to make a difference.
- I will do my best to turn our ideas into actions, because together we can make a difference.

THANK YOU!
